

## OAI 12.1 010/01/21 kXR FTA (Duryea) Release Comments

| Variable   | Label                                                            | Comment                                                                                                                                                                                                                                                                                                                                                                                               | SAS Code |
|------------|------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------|
| V08FTAFLAG | BL kXR reading (JD): flag for femoral tibial angle (FTA) reading | Data change alert for 0.2: Errors that affect previously released data for several participants were discovered in the reading center data during quality assurance checks in the kXR FTA (Duryea) dataset. The errors have been corrected in version 0.2. IMPORTANT NOTE: Analyses ran using the older versions of these datasets should be re-run using the most recent versions of these datasets. |          |
| V08FTANGLE | BL kXR reading (JD): femoral tibial angle (FTA) reading          | See comment for variable V08FTAFLAG ("Data change alert for 0...")                                                                                                                                                                                                                                                                                                                                    |          |
